

Long-range-rifle-m93-black-arrow

Description

Long range rifle M93 is designed on the basis of Mauser action M98, which is proven to be precise and reliable system of bolt-action guns. Its purpose is elimination of various types of targets at large distances, up to 1,800 m, in all environments.

Cold forged heavy barrel with chrome plated interior provides exceptional precision at large distances . Flutes on the barrel exterior make the cooling easier and provide precision in heavy duty.

Apart from optical sight, the rifle has folding iron sights for aiming at distances up to 400 m.

Muzzle break significantly reduces the recoil of the weapon (up to 62%) and it facilitates shooting.

Handguard and stock are made of polymer, reinforced with glass fibres. Stock has buffers that reduce the effect of recoil on the shooter.

Adjustable folding bipod can be adapted to fit various terrains.

Complete set:

- Long range rifle M93
- Optical sight
- Tools
- Accessories
- Carrying case/ holster
- Bag for spare tools and accessories
- Ammunition bag
- Ear protection
- Handling and maintenance manuals

Technical characteristic

	12.7×108	.50 Browning
Caliber (mm)	12.7×108	.50 Browning
Twist rate (mm)	381	381
Number of grooves	8	8
Magazine capacity (rounds)	5	5
Barrel length (mm)	1007	837
Length (mm)	1670	1500
Weight with empty magazine and optical sight (kg)	16.7	16.3
Magazine weight (kg)	0.76	0.76
Maximum effective range (m)	1800	1600
